Levies must be set in a way that is fair and equitable to the Society and to all Members, including without limitation any category of Membership specified under rule 4.5 or any Members' Interest Group. The Levies for a Financial Year will be set taking into account the estimated Operating Expenses for the Financial Year and any contingency sums or special levies contemplated under rule 6.8;
- (b) For the purpose of setting and collecting levies under this rule 6 the Society shall levy all Developed Properties within Kirimoko Park which, by definition, includes a potential lot developed for sale by the Developer (and otherwise ready for separate title) for which the developer has not yet sought issue of title,
- (c) Levies may be determined in any of the following ways or in any combination of them:
 - (i) uniform annual charges ("Fixed Charges") provided that such levy must always be reasonable taking into account the nature of that Utility, service, administration cost or other expense to which the charge relates. The office administration costs of the Society including Committee costs and the preparation and audit of financial accounts shall be allocated as uniform Fixed Charges. There could also be separate Fixed Charges payable per category of Member, or per Members' Interest Group.

- (ii) variable usage charges ("**Variable Charges**") provided that such levy must always be reasonable taking into account the nature of the Communal Facilities. Utility, service or other expense to which the charge relates and, if deemed appropriate, of the related Development Stage of Kirimoko Park. These costs would normally be allocated as Member's Proportion. There could also be separate Variable Charges allocated by category of Member or by Members' Interest Group.
- (iii) sinking funds for Long Interval Maintenance, or special sums, or contingency sums ("**Special Charges**") which should be allocated as provided within rule 6.8; and
- (d) Where a Residential Member's Developed Property comprises more than one Residential Unit or commercial tenancy, then to the extent that the Queenstown Lakes District Council and/or the Otago Regional Council levies charges or surcharges for services, utilities, connections or benefits based on the number of Residential Units and/or commercial tenancies on a lot the Society may calculate the levies for a Developed Property as if each Residential Unit or commercial tenancy were a Developed Property. For the purposes of this rule 6.1d a Residential Unit means a single self contained household unit, whether of one or more persons, and includes accessory buildings. Where more than one kitchen and/or laundry facility is provided on the lot there shall be deemed to be more than one Residential Unit.

6.2. **Levies:** Subject to rule 6.3, levies for the ensuing Financial Year shall be estimated ("**the Society's Estimate**") for each Member's Developed Property prior to or as soon as practicable after the commencement of each Financial Year, and the Society shall by written notice advise each Member of the Society's Estimate comprising:

- (a) the "Fixed Charges" for that Financial Year;
- (b) the "Variable Charges" for that Financial Year;
- (c) any "Special Charges" for that Financial Year;

which may in each case take into account the anticipated new Developed Properties which will become available during that Financial Year.

6.3. **Levies before Development Stages at Kirimoko Park are fully developed:**

- (a) During each complete Financial Year (or part Financial Year) before a separate Development Stage is fully developed, or before the date that Kirimoko Park as a whole is fully developed, the levies for the actual Developed Properties (the "Recoverable Expenses") will be calculated as follows:

$$\text{Recoverable Expenses} = \text{EC} \times \frac{\text{Actual DP}}{\text{Total DP}}$$

where:

"Actual DP" is the actual number of Developed Properties within a separate Development Stage or, as is applicable to context, within the whole of Kirimoko Park for the relevant Financial Year (including anticipated new

actual Developed Properties, taking into account the date that such Developed Properties are likely to be available).

"Total DP" is the number of Developed Properties anticipated to result from the completion of a separate Development Stage or, as is applicable to context, to the number of Developed Properties anticipated to result from the completion of the whole development of Kirimoko Park.

"EC" is an estimate of the Operating Expenses and Special Charges (if any) for the Financial Year that relates to a separate Development Stage or, as is applicable to context, to the whole of Kirimoko Park, such calculations to be undertaken by the Developer acting reasonably.

- (b) The Recoverable Expenses will then be divided and levied per Developed Property in accordance with rule 6.2.
- (c) To the extent that the Recoverable Expenses for a Financial Year are not sufficient to meet:
 - (i) the actual Operating Expenses for that Financial Year; and
 - (ii) the Special Charges (if any) for that Financial Year (together the "**Total Expenses**") the Developer will pay to the Society by way of a subsidy the difference between the Total Expenses and the Recoverable Expenses ("Subsidy") at the time or times as is necessary to ensure the Society's cash flow remains positive.
- (d) If the actual number of Developed Properties equates to the total number of Developed Properties anticipated for a separate Development Stage or, as is applicable to context, to the total number of Developed Properties anticipated for the whole of Kirimoko Park, part way through a Financial Year, the Developer's Subsidy under rule 6.3c shall be apportioned as follows:

$$\frac{A}{B} \times \text{Subsidy}$$

Where: "A" means the number of days in the Financial Year before the date of completion of the separate Development Stage or, as is applicable to context, before the date of completion of the whole of the Kirimoko Park development; and

"B" means the total number of days in the Financial Year;

- (e) No Subsidy is payable by the Developer in any circumstance under this rule 6.3 for a particular Development Stage after the date on which that particular Development Stage first comprises the full intended number of Developed Properties for that Development Stage, or for the whole of Kirimoko Park after the date on which the full intended number of Development Properties is complete for the whole of Kirimoko Park, or at any time after that date;
- (f) Rule 6.6b does not apply when Levies are calculated under this rule 6.3.

6.4. **New Developed Properties:** When a property becomes a Developed Property and is transferred the Society shall advise the new Owner of that new Developed

Property in writing the total levy estimate for that property for that financial year comprising:

- (a) the proportion of Fixed Charges for that Financial Year
- (b) the proportion of Variable Charges for that Financial Year;
- (c) the proportion of any Special Charges for that Financial Year,

6.5. **Payment of Levies:** Each Member or Owner shall, on the first day of each Quarter in each Financial Year, pay
